**COMMUNITY INFORMATION MEETINGS – January 2021**

Nisokapawino Forestry Management Corporation (NFMFC) is in the process of preparing the 2021 - 2023 Forest Management Operating Plan (FMOP) for NFMFC and Canadian Kraft Paper Industries Limited (CKP) operations on Forest Management License (FML) Area #2. This Plan identifies proposed harvesting, reforestation and road development/decommissioning activities that may be carried out by NFMFC and CKP between June 1, 2021 and May 31, 2023.

As part of the FMOP process we normally hold community information meetings in your communities to present the proposed Plan, answer questions and gather feedback from attendees to be used in finalizing the Plan. We will not be scheduling “in person” meetings this time around due to the Covid-19 pandemic situation, current Provincial restrictions and our desire not to facilitate additional opportunity for transmission of the virus. Alternatively, we plan to set up virtual meetings using **Zoom** that people can connect into at scheduled times. Please see the proposed schedule below. Meeting links are available upon request by phone (204) 623-8545, email [NFMFC@niso.ca](mailto:NFMFC@niso.ca) or on the CKP website at [www.canadiankraftpaper.com](http://www.canadiankraftpaper.com). Various maps and other relevant information are also available for review on the webpage.

Should you have any questions, please contact Mike at (204) 623-8546 or e-mail at [mike.paddock@niso.ca](mailto:mike.paddock@niso.ca)

Please feel free to pass this invitation to others who may have an interest in learning more about forest management activities planned by NFMFC.

Thank You,

A handwritten signature in blue ink, which appears to read 'Mike Paddock', is positioned below the 'Thank You,' text.

Mike Paddock

Senior Planner

January 8, 2021

Dear Interested Citizen or Party,

Annually we reach out to our mailing and distribution lists with information about our Sustainable Forest Management Committee, and an invitation to anyone with interest to join that Committee.

This volunteer committee meets a minimum of 3 times a year for the purposes of ensuring the effectiveness of the Nisokapawino Forestry Management Corporation (NFMFC) - Canadian Kraft Paper (CKP) Sustainable Forest Management Plan which was developed by the committee made up of representatives from a broad range of stakeholders and community representatives.

Committee members receive updates on NFMFC/CKP operations and results of monitoring programs that are based on the Canadian Standards Association guidelines for Sustainable Forest Management Plans. A specific requirement of this plan is acknowledgement that "Aboriginal participation in the public participation process is without prejudice to Aboriginal title and rights or treaty rights".

Information on the SFM Plan, the committee and NFMFC/CKP operations can be found at [www.canadiankraftpaper.com](http://www.canadiankraftpaper.com).

CKP reimburses members for reasonable costs associated with attendance at meetings that includes mileage at a rate set by the company, meals, and accommodations required when supported by receipts.

The next meeting is scheduled for January 14, 2021 and will be held online.

If you would like to participate or send a representative, please contact me at your convenience.

Sincerely,

A handwritten signature in blue ink that reads "Jeanne Besaw". The signature is fluid and cursive.

Jeanne Besaw  
Silviculture Forester
